

TV SHOW: JOJO'S BIZARRE ADVENTURE DATABASE

BY WINNIE CRUMPTON AND LETICIA MONTOYA

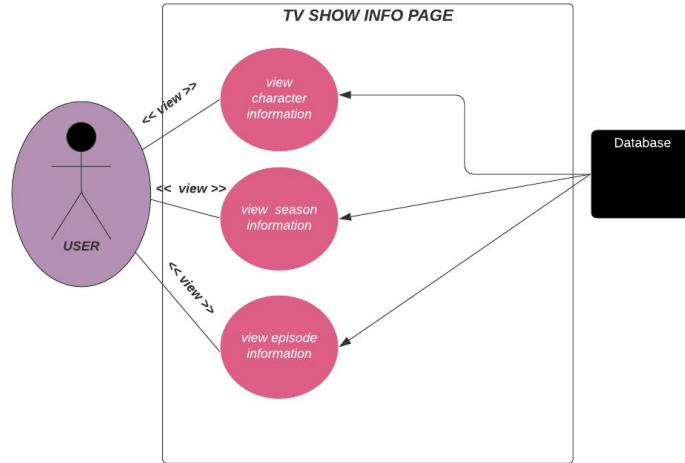

SYSTEM DESCRIPTION

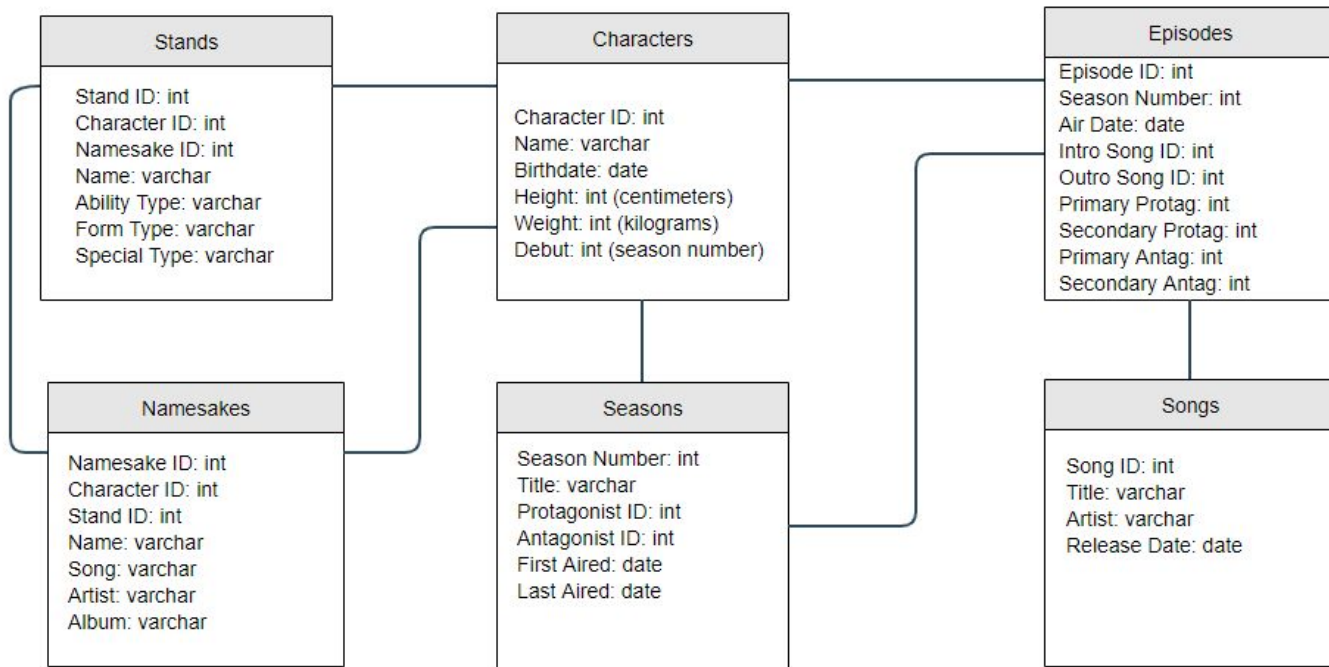

- Our project is to make a database of a TV Show.
- Users can see organized information of each season, such as episodes and characters.
- Users can look up character details, such as the season they appear in, stands and namesakes.
- Users can look up episode details such as air date, intro and outro song.
